## REQUEST FOR CONSTRUCTION POWER/TEST POWER

Construction Power       Test Power

DATE: \_\_\_\_\_

LOCATION: \_\_\_\_\_

OWNER: \_\_\_\_\_

The undersigned hereby requests construction power/test power for the above location prior to the final inspection of the premises. This temporary electrical service is requested for the purpose of testing equipment, heating the premises, etc.

Failure to comply with these procedures may result in a delay of the final inspection.

We hereby assume full responsibility for all electrical installations for this particular job, until such time as we request Inspections and Code Enforcement Division to make a final inspection.

We further understand that the granting of temporary electrical service does not authorize occupancy of the building by the owner; and, should the building be occupied prior to final inspection or final inspection requests are not made in a reasonable amount of time, the temporary electrical service will be disconnected immediately.
