

Fifth Program Year CAPER

The CPMP Consolidated Annual Performance and Evaluation Report includes Narrative Responses to CAPER questions that CDBG, HOME, HOPWA, and ESG grantees must respond to each year in order to be compliant with the Consolidated Planning Regulations. The Executive Summary narratives are optional.

The grantee must submit an updated Financial Summary Report PR26. (Exhibit A)

I. GENERAL

A. Executive Summary

This module is optional but encouraged. If you choose to complete it, provide a brief overview that includes major initiatives and highlights that were proposed and executed throughout the first year.

Program Year 5 CAPER Executive Summary response:

The Consolidated Annual Performance and Evaluation Report (CAPER) is a summary of the activities of the City of Columbus for Program Year 2015/City's FY 2016 towards the accomplishment of the goals/objectives outlined in its Five Year Consolidated Plan. The report shows how the City progressed towards the accomplishment of its five-year goals. The Federal resources provided by the Department of Housing and Urban Development (HUD) includes funds from the Community Development Block Grant (CDBG) and the Home Investment Partnerships Program (HOME). The report will also outline the various forms of leveraging that made the City's efforts more successful.

SUMMARY OF RESOURCES AND ACCOMPLISHMENTS

The City had the following funds available to complete programs and projects in HUD's Program Year 2015/City's FY 2016:

Prior Years' Community Development Block Grant	
(CDBG) Un-liquidated Obligations and uncommitted funds	\$344,283.24
Program Income	\$1,576.49
Actual Funds Expended	\$2,147,235.76
Prior Years' HOME Investment Partnerships Program	
(HOME) Un-liquidated Obligations and uncommitted funds	\$665,450.88
Actual Funds Expended	\$542,973.27

The overall goal of the City's Consolidated Plan for Community Development, Housing, Homeless and Special Needs is to primarily serve very low, low and moderate income persons in the following areas:

- Increase, Create, and Sustain Affordable Housing
- Increase Suitable Living Environments
- Reduce Poverty/Expand Economic Opportunity
- Continue Supporting Services for Low and Moderate Income Persons
- Address the Issue of Homelessness

B. General Questions

1. Assessment of the one-year goals and objectives:
 - a. Describe the accomplishments in attaining the goals and objectives for the reporting period.
 - b. Provide a breakdown of the CPD formula grant funds spent on grant activities for each goal and objective.
 - c. If applicable, explain why progress was not made towards meeting the goals and objectives.
2. Describe the manner in which the recipient would change its program as a result of its experiences.
3. Affirmatively Furthering Fair Housing:
 - a. Provide a summary of impediments to fair housing choice.
 - b. Identify actions taken to overcome effects of impediments identified.
4. Describe Other Actions in Strategic Plan or Action Plan taken to address obstacles to meeting underserved needs.
5. Leveraging Resources
 - a. Identify progress in obtaining “other” public and private resources to address needs.
 - b. How Federal resources from HUD leveraged other public and private resources.
 - c. How matching requirements were satisfied.

C. Program Year 5 CAPER General Questions response:

The following list of activities provides the goals and outcomes and actual amount of funds spent towards the accomplishment of those goals identified in the 5th Year Annual Action Plan.

❖ Priority Need 1: Increase, Create, and Sustain Affordable Housing

The highest priority for the Columbus Consolidated Government is to improve the condition, availability, and accessibility of affordable housing. The city will address this need by:

- *Objective:* Funding its Community Housing Development Organization (CHDO), NeighborWorks, and other community organizations to support new construction of affordable housing for low/mod income residents.

Outcome: Provide funding to increase the affordable housing stock through new construction.

Accomplishments: The City provided \$116,581.53 in HOME funds to NeighborWorks for the construction of one (1) single-family housing unit for a low/mod income eligible household. Additionally, the City provided \$114,642.79 in HOME funds to Wynnton Neighborhood Housing Inc. for the construction of one (1) new single-family home for qualified low/mod income household. Lastly, \$360,073.25 in CDBG funding was used for the beginning stages of site work activities for the development of ninety-one (91) affordable rental units in conjunction with a Low-Income Housing Tax Credit (LIHTC) project. This project will carry over to program year 2016.

- *Objective:* Rehabilitation of vacant homes and rental units.

Outcome: Provide funding to support acquisition/rehabilitation and resale of homes to low/mod income citizens within the community.

Accomplishments: NeighborWorks Columbus, Inc. acquired and rehabbed one (1) home for low income families that utilized \$123,442.14 in HOME funds.

- *Objective:* Provide homeownership opportunities with Lease to Own Program.

Outcome: Provide assistance to low/mod income persons in becoming homeowners.

Accomplishments: The City did not provide funding for this activity due to lack of available partners in carrying out the program. The City did however fund Urban League of Greater Columbus with \$11,057.65 in CDBG funding to provide housing counseling to clients in order to prepare them to become homebuyers.

- *Objective:* Provide direct rental assistance to income eligible tenants.

Outcome: Funding to provide Tenent Based Rental Assistance (TBRA).

Accomplishments: Through the Open Door Community House, the City provided \$64,069.69 in HOME funds for the Tenent Based Rental Program. These funds supported 19 families with security deposits and rental assistance.

❖ Priority Need 2: Increase Suitable Living Environment

Another high priority for the Columbus Consolidated Government is enhancing the physical condition of Columbus Neighborhoods. The City will address this need by:

- *Objective:* Identifying buildings that are unlivable or dilapidated as slum or blight, and have these properties demolished.

Outcome: Provide funding to the Columbus Consolidated Government's Department of Inspections and Codes to identify properties that are unlivable or dilapidated as slum or blight and have these buildings demolished.

Accomplishments: By providing \$69,860.86 of CDBG funds to the Columbus Consolidated Government's Department of Inspections and Codes, the City was able to demolish 10 blighted properties.

- *Objective:* Serving elderly and disabled persons through its Project Care Program with emergency home repairs or accessibility improvements to increase accessibility for disabled persons in their households.

Outcome: Funding to support accessibility repairs to low/mod income elderly persons.

Accomplishments: The City was unable to provide funding for this objective due to the unavailability of project partners. The City is still looking for a partnering agency to carry out this program in program year 2016.

- *Objective:* Enhancing recreational activities within low/mod income census tracts.

Outcome: Provide playground renovations within 4 city parks.

Accomplishments: The City was able to provide new playground renovations at Pop Austin, Benning Park, Britt David, and Theo McGee public parks. These projects utilized \$299,904.93 of CDBG funds.

❖ Priority Need 3: Reduce Poverty/Expand Economic Opportunity

Reducing poverty and expanding economic opportunity is also a priority. This City will address this need by:

- *Objective:* Continuing to make payments on its Section 108 Loan which was used for an Economic Opportunity Project to acquire buildings and land for redevelopment to increase economic opportunity in the city.

Outcome: Continued progress toward the repayment of the Section 108 loan.

Accomplishments: The City made the 2 required payments to meet the City's \$799,837.50 obligation. These payments were made with CDBG funds.

- *Objective:* Funding agencies that provide services to low and moderate-income persons to reduce poverty and create job opportunities for themselves.

Outcome: Provide funding to further fair housing opportunities amongst low/mod income persons.

Accomplishment: The City allocated \$2,625.00 in funding and held Fair Housing training conducted by Metro Fair Housing for bankers, realtors, and non-profits.

❖ Priority Need 4: Continue Supporting Services for Low and Moderate Income Persons

A priority for the Columbus Consolidated Government is to continue supporting services for low and moderate-income families and individuals in Columbus. This City will address this need by:

- *Objective:* Funding non-profit agencies through the CDBG program for services to low and moderate-income persons.

Outcome: Assist low/mod persons through potential homeownership opportunities and counseling.

Accomplishments: The City provided \$11,057.65 in CDBG funds to the Urban League of Greater Columbus to support housing and financial assistance to 47 low/mod income citizens within the community.

Outcome: Assist low/moderate elderly and disabled persons with transportation services.

Accomplishments: The City provided \$14,343 in CDBG funds to Direct Service Corporation for a meals on wheels program, and \$16,553 to Faith Hands Adult Daycare for transportation services. Together they assisted 60 elderly/disabled clients.

Outcome: Provide CDBG funding for Non-profit Organization Capacity Building to non-profit organizations involved in the community.

Accomplishments: The City provided \$4,500 in CDBG funding for Non-profit Organization Capacity Building.

Outcome: Provide educational programs to serve k-5th grade youths.

Accomplishment: The City provided \$25,200 in CDBG funding to the Columbus Community Center to provide educational programs and after school services to 93 youths in predominantly low/mod income census tracts.

❖ Priority Need 5: Addressing the Issue of Homelessness

Another priority for the City of Columbus is addressing the issue of homelessness and its negative effects. The City will address this need by:

- *Objective:* Funding non-profit agencies that serve the homeless population or those at-risk of becoming homeless.

Outcome: Provide funding to support 200 at-risk individuals with substance abuse programs and job preparation services.

Accomplishments: The City provided CDBG funds to the Rosehill Community Education Center, which assisted 259 extremely low income persons through its services. This program utilized \$12,442.61 in CDBG funds.

- *Objective:* Funding its Home for Good Program to be the convening agency to lead the efforts to end homelessness for the community.

Outcome: Provide funding for Public Services to end chronic homelessness within the community.

Accomplishments: The City provided CDBG funding to Home for Good/Alliance to End Homelessness, which provided case management/referral services to 268 homeless persons. This service utilized \$62,653.97 in funds.

Outcome: Continue funding support for the Continuum of Care Document, which will assist in the program to aid 1,000 persons per year who are homeless or at serious risk of becoming homeless.

Accomplishments: The City provided CDBG funding so that Home for Good can continue the Continuum of Care document that helps facilitate the receiving of funds for individual homeless shelters that in turn address the needs of the homeless population in our community. The Continuum of Care document utilized \$43,982.76. The Home for Good continues the Continuum of Care application process which brought \$1,333,949 in funding for 5 projects to assist the homeless population this year.

The City continues to face a reduction of funding at the local, state, and federal levels which will significantly limit the resources available to meet the needs of low and moderate income residents. With declining resources from various sources, the City and non-profit organizations will be unable to serve all persons who are in need of services and, in some cases, programs will cease to exist due to the decrease in funding. Additionally, the City faces a lack of partners to carry out some of the programs. As a result, the City continues to place more emphasis on its efforts at leveraging funds with other agencies/organizations to meet the short fall.

In 2011, the City completed an Analysis of Impediments to Fair Housing which was submitted with its 5-year Consolidated Plan for 2012 – 2016. The greatest obstacle to obtaining affordable housing in our community is the lack of jobs paying adequate wages to meet the cost of housing. The city has partnered with NeighborWorks Columbus, Inc. to administer down-payment assistance, Veterans Rehab, and Housing Counseling programs with non-entitlement funds. The NeighborWorks Columbus, Inc. Veterans Rehab program provides funding for critical home repairs and improvements to eligible veterans or surviving spouses. Its Housing Counseling program provides financial assistance to low/mod income persons. Additionally, the United Way of Chattahoochee Valley currently partners with 28 local agencies and provides funding to 56 of those agencies programs.

D.Managing the Process

1. Describe actions taken during the last year to ensure compliance with program and comprehensive planning requirements.

NON-HOUSING COMMUNITY DEVELOPMENT ACTIVITIES

The City of Columbus provided \$56,096 of Community Development Block Grant (CDBG) funding to 3 organizations to provide assistance to 153 low and moderate income individuals for non-housing community development activities. The Columbus Community Center provided 93 at-risk youth with after school activities. Direct Service Corp provided Meals on Wheels to 17 residents. Faith Hands Day Care provided transportation for 43 disabled/elderly residents.

The City provided \$299,904.93 in CDBG funds to provide new playground renovations at Pop Austin, Benning Park, Britt David, and Theo McGee public parks. In Addition, the City continues to partner through the Community Improvement Program and major projects that are funded through the Special Purpose Local Option Sales Tax (SPLOST).

PROGRAM HIGHLIGHTS AND LEVERAGING ACCOMPLISHMENTS

The City continues to partner with the non-profit developers in our community. The continued funding provided to NeighborWorks Columbus, Inc. provides decent, safe and sanitary housing to the low-moderate income homebuyers. NeighborWorks receives a grant of non-entitlement funding, that the City leverages with its entitlement funds, to provide Down Payment Assistance, Veterans Rehab, and Housing counseling services to income-eligible residents. The City administers these programs on behalf of NeighborWorks. The Housing Coalition continues to address issues pertaining to affordable housing as well as working toward the expansion of affordable housing.

The Home for Good organization focuses on alleviating chronic homelessness in the City. The continued funding provided to the Home for Good, Inc. (HFG) allowed the City and HFG to leverage both state and federal funding for the homeless through the Continuum of Care. The Home for Good organization leveraged approximately \$1,333,949 in funding from outside organizations and assisted 3,446 individuals. The City also partnered with the Rosehill Community Education Center, which utilized \$12,442.61 in CDBG funds to provide preventative substance abuse programs and job preparation services that served 259 extremely low income persons.

We continue to leverage CDBG funds with both City and SPLOST funding to address infrastructure and slum and blight. The City foresees leveraged CDBG funds with private and federal funding for both affordable housing and commercial opportunities. The City has partnered with Columbus Housing Authority to utilize up to \$1,500,000 in CDBG funds for site-work activities for a Low-Income Housing Tax Credit (LIHTC) project which will produce up to 91 units of affordable housing, along with 15 market rate units and some commercial development.

MATCH LIABILITY

The City's total match liability for the HOME funds was \$62,165.93. The match requirement was satisfied by the funding provided from the City's CHDO and HOME sub-recipients. The City has no other match obligations. The total match provided by these agencies for Program Year 2015/City's FY 2016 exceeded the match liability amount.

The City of Columbus has completed the fifth year of its Five Year Consolidated Plan 2012-2016. This CAPER shows the continued progress that we, as a community, continue to make towards the accomplishment of the goals and objectives outlined in the Consolidated Plan. Affordable Housing is a primary focus of our efforts. With the limited financial resources we have, we are providing as many opportunities as possible to those in need of a place to call home and provide an improved living

environment. This is and will continue to be our focus. The best approach will be through maintaining and increasing the number of public/private partnerships within our community.

MANAGING THE PROCESS

The Department of Community Reinvestment of the Columbus Consolidated Government was the lead agency in the development of the five-year Consolidated Plan and the one-year Action Plans detailing the activities and programs which will help the City reach the goals of the Consolidated Plan. While the Department of Community Reinvestment led the process, it partners with other City departments and non-profit agencies to accomplish the goals of the Consolidated Plan. During the development of the plan, involvement was sought from all the agencies which will administer or be affected by the programs covered in the plan. During HUD's Program Year 2015/City's FY 2016, the city allocated \$27,465.00 in HOME funds for the preparation of the Consolidated Plan, Annual Action Plan, Analysis of Impediments, and HOME Policies and Procedures Manual.

The list below includes agencies which provided input into the process and/or are responsible for administering programs:

- Beallwood Area Neighborhood Association
- Wynnton Neighborhood Housing, Inc.
- NeighborWorks Columbus, Inc.
- Housing Authority of Columbus
- Home for Good, Inc.
- Department of Community Reinvestment
- Office of the City Manager
- United Way of Chattahoochee Valley
- Greater Columbus Chamber of Commerce
- Planning Department
- Department of Public Works
- Finance Department
- Inspections and Code Enforcement
- METRA
- Fire Department
- Hispanic Outreach Committee
- Department of Parks and Recreation
- Work Force Investment Act Division
- Department of Engineering
- Columbus Department of Public Health
- Community Development Advisory Council (CDAC)
- Access to Independence
- Mayors Homeless Task Force
- Continuum of Care (CoC)
- Open Door Community House
- Rosehill Community Education Center
- Faith Hands Adult Daycare
- Direct Service Corp.
- Urban League of Greater Columbus
- Columbus Community Center

E. Citizen Participation

1. Provide a summary of citizen comments.
2. In addition, the performance report provided to citizens must identify the Federal funds made available for furthering the objectives of the Consolidated Plan. For each formula grant program, the grantee shall identify the total amount of funds available (including estimated program income), the total amount of funds committed during the reporting period, the total amount expended during the reporting period, and the geographic distribution and location of expenditures. Jurisdictions are encouraged to include maps in describing the geographic distribution and location of investment (including areas of minority concentration). The geographic distribution and expenditure requirement

may also be satisfied by specifying the census tracts where expenditures were concentrated.

*Please note that Citizen Comments and Responses may be included as additional files within the CPMP Tool.

Program Year 5 CAPER Citizen Participation response:

In accordance with the Columbus Consolidated Government's Citizen Participation Plan, an announcement of the availability of a draft of the C.A.P.E.R. for review at various public library locations throughout the City and the announcement of the holding of a public meeting was published in the Columbus Ledger-Enquirer Newspaper on August 28, 2016 (see Exhibit B). The information of the availability of the draft and the date/time/place of the public meeting was also announced on the City's website. A draft copy of the CAPER was available on the City's website as well. A Public Hearing was held September 15, 2016. Zero (0) residents attended the Public Hearing. Zero (0) written or oral comments were received during the Public Comment Period which ended September 27, 2016.

F. Institutional Structure

1. Describe actions taken during the last year to overcome gaps in institutional structures and enhance coordination.

Program Year 5 CAPER Institutional Structure response:

The lead agency in the consolidated planning process is the Department of Community Reinvestment. The City continues to partner with various non-profit developers in the community to leverage federal funding available through the Consolidated Plan programs. The accomplishments identified in this report were the results of efforts by the Department of Community Reinvestment with the assistance of other City departments and sub-grantee non-profit organizations.

- Beallwood Area Neighborhood Association
- Wynnton Neighborhood Housing, Inc.
- NeighborWorks Columbus, Inc.
- Housing Authority of Columbus
- Home for Good, Inc.
- Department of Community Reinvestment
- Office of the City Manager
- United Way of Chattahoochee Valley
- Greater Columbus Chamber of Commerce
- Planning Department
- Department of Public Works
- Finance Department
- Inspections and Code Enforcement
- METRA
- Fire Department
- Hispanic Outreach Committee
- Department of Parks and Recreation
- Work Force Investment Act Division
- Department of Engineering
- Columbus Department of Public Health
- Community Development Advisory Council (CDAC)
- Access to Independence
- Mayors Homeless Task Force
- Continuum of Care (CoC)
- Open Door Community House
- Rosehill Community Education Center
- Faith Hands Adult Daycare
- Direct Service Corp.
- Urban League of Greater Columbus
- Columbus Community Center

G. Monitoring

1. Describe how and the frequency with which you monitored your activities.
2. Describe the results of your monitoring including any improvements.
3. Self Evaluation
 - a. Describe the effect programs have in solving neighborhood and community problems.
 - b. Describe progress in meeting priority needs and specific objectives and help make community's vision of the future a reality.
 - c. Describe how you provided decent housing and a suitable living environment and expanded economic opportunity principally for low and moderate-income persons.
 - d. Indicate any activities falling behind schedule.
 - e. Describe how activities and strategies made an impact on identified needs.
 - f. Identify indicators that would best describe the results.
 - g. Identify barriers that had a negative impact on fulfilling the strategies and overall vision.
 - h. Identify whether major goals are on target and discuss reasons for those that are not on target.
 - i. Identify any adjustments or improvements to strategies and activities that might meet your needs more effectively.

Program Year 5 CAPER Monitoring Response:

The Columbus Consolidated Government is an entitlement recipient of two HUD grant programs: Community Development Block Grant (CDBG) and Home Investment Partnership Program (HOME). The Community Reinvestment Department administers the grant programs and is responsible for monitoring sub-grantee recipients of funding. The Consolidated Government will in turn report to the U.S. Department of Housing and Urban Development (HUD) and is audited by an independent accountant as a component of the Single Audit procedure.

The Community Reinvestment Department performed on-site monitoring of all sub-recipients and projects during the fiscal year carefully following procedures and processes designed by HUD for monitoring the CDBG and HOME grant programs. Sub-recipients were provided a written summary of the Division's monitoring visit. Sub-recipients are also monitored on an ongoing basis through a review of reimbursement requests to substantiate the progress of the sub-recipients efforts in accomplishing the goals/objectives of its funded activity. The City has put in place monthly progress reporting procedures to better monitor its sub-recipient progress. The majority of sub-recipients were in compliance with the overall goals and objectives. Community Reinvestment also provided technical assistance to all of its subrecipients to address any findings or concerns that were identified during the monitoring visits. Sample file checklists and documents were provided to the subrecipients to ensure that all of the required documentation is contained within each project file.

The programs carried out by the City's partners, which included the development of affordable housing, elimination of slum and blight, along with public service programs and fair housing, were essential in the resolution of problems such as crime, unemployment, homelessness, and neighborhood deterioration. The CDBG and HOME programs have assisted the community in its first steps in becoming vibrant and sustainable.

The Community Reinvestment Department is working closely with the community and its partnering agencies in identifying new and improved programs for low- to moderate-income individuals and families which have been extremely successful. By partnering we have been able to strategize and create new programs such as the Tenant Based Rental Assistance (TBRA) and Neighborhood Park Renovations in low-income areas that have had a huge impact on the overall vision of the community. We will continue to develop partnerships which will assist us in meeting the City's needs more effectively.

H. Lead-based Paint

1. Describe actions taken during the last year to evaluate and reduce lead-based paint hazards.

Program Year 5 CAPER Lead-based Paint Response:

The City makes every effort to protect persons and the environment by following HUD regulations (24 CFR part 35) controlling lead based paint hazards in housing receiving Federal assistance and federal owned housing being sold.

The City of Columbus has entered into a contract with a private company to conduct the Lead Base Paint testing, risk assessment and letter of clearance for each project using CDBG and HOME funding. If any lead base paint is identified, the City will contract with a certified contractor to remove the paint. No lead based paint inspections were conducted in HUD's Program Year 2015/City's FY 2016.

II. HOUSING

A. Housing Needs

*Please also refer to the Housing Needs Table in the Needs.xls workbook.

1. Describe Actions taken during the last year to foster and maintain affordable housing.

Program Year 5 CAPER Housing Needs response:

HOUSING ACTIVITIES

The City continues to promote homeownership to the Community. This year NeighborWorks Columbus, Inc. held two (2) Lunch and Learns via partnerships with Aflac and held Homebuyer Orientations twice a month which was attended by 253 residents throughout the year. NeighborWorks Columbus, Inc. also partnered with Team Depot, Home Depot's associate-led volunteer force to assist with 20 veteran rehab projects starting April through the end of the year. NeighborWorks Columbus, Inc. partnered with TeamEffort Missions which included 150 youth in Columbus this past summer for rehab projects in Beallwood Heights and North Highlands. Lastly, NeighborWorks Columbus, Inc. partnered with Enrichment Services and sponsored a homebuyer workshop.

The City expended funds to foster and maintain housing in our community. Total entitlement funds expended to help place individuals in safe, decent affordable housing was \$714,739.71 and non-entitlement funds in the amount of \$76,294.00. Housing counseling services were provided utilizing \$11,057.65. Services

provided to the homeless to assist with finding and maintaining housing utilized \$106,636.73. Funds expended to help preserve existing housing through the Tenant Based Rental Program (TBRA) were \$64,069.69. Preventative substance abuse programs and job preparation services utilized \$12,442.61. The following table displays the housing related expenditures:

ACTIVITY	EXPENDITURE
Housing - Administration (HOME)	\$51,179.83
Housing - New Construction (HOME)	\$231,224.32
Tenant Based Rental Assistance (TBRA)	\$64,069.69
Down Payment Assistance Partner Program	\$76,294.00
Acquisition/Rehab	\$123,442.14
Urban League-Housing Counseling	\$11,057.65
Home for Good (CDBG) (Alliance to End Homelessness & Continuum of Care)	\$106,636.73
BTW – Columbus Commons Development	\$360,073.25
Rosehill Community Education Center	\$12,442.61

B. Specific Housing Objectives

1. Evaluate progress in meeting specific objective of providing affordable housing, including the number of extremely low-income, low-income, and moderate-income renter and owner households comparing actual accomplishments with proposed goals during the reporting period.
2. Evaluate progress in providing affordable housing that meets the Section 215 definition of affordable housing for rental and owner households comparing actual accomplishments with proposed goals during the reporting period.
3. Describe efforts to address “worst-case” housing needs and housing needs of persons with disabilities.

Program Year 5 CAPER Specific Housing Objectives response:

The racial/ethnic and income breakdown of households and individuals receiving assistance through our programs is as follows:

Racial Status	Number
White	1,355
Black/African American	2,488
Asian	14
American Indian/Alaskan Native	7
Native Hawaiian/Other Pacific Islander	2
Asian & White	14
Black/African American & White	28
Am. Indian/Alaskan Native & Black/African Am.	1
Other Multi-Racial	29
Total Race	3,950
Ethnic Status	Number
White/Hispanic	16
Black/African Amer./Hispanic	4
Asian/Hispanic	1
Am. Indian/ Alaskan Native/White/Hispanic	0
Native Hawaiian/Pacific Islander/Hispanic	1
Asian & White/Hispanic	0
Black/African American & White/Hispanic	5
Am. Indian/ Alaskan Native/Black/Hispanic	0
Other/Multi Racial/Hispanic	0
Total Ethnic	26

Income Status	Number
Non low-mod	1
Low income	103
Moderate Income	21
Extremely Low Income	3,825
Total Beneficiaries	3,950

The City works to address worst-case needs with the various programs which we have available. In those instances when we are unable to assist due to eligibility and funding issues, we will refer those individuals to other agencies such as NeighborWorks Columbus, Inc., Open Door, Home for Good, and Wynnton Neighborhood Housing to utilize their programs and funding to assist these individuals.

C. Public Housing Strategy

1. Describe actions taken during the last year to improve public housing and resident initiatives.

Program Year 5 CAPER Public Housing Strategy response:

The Housing Authority of Columbus Georgia (HACG) is a key player in the provision of affordable, decent, and safe housing in Columbus, and there is a strong collaborative relationship between the Housing Authority and the City. Opportunities lie in helping those already assisted by the Housing Authority move into homeownership. The Housing Authority has partnered with Home for Good for case management for its Moving to Work Clients in hopes that they will one day become homeowners.

In 2016 the City allocated \$1,500,000 in CDBG funds to assist the Housing Authority in providing new housing which included low to moderate income dwellings. These funds were leveraged with Public

Housing funds, and the Low Income Housing Tax Credit (LIHTC) to construct site work for the development such as storm, sewer, water, parking, and landscaping. Community Reinvestment partners on all housing authority's redevelopment projects by conducting environmental reviews (ERs), providing funding, or assisting with the documentation required for the LIHTC application.

The City has provided the Housing Authority with Certifications of Consistency to assist with the homeownership component of the Resident Opportunities and Self Sufficiency (ROSS) Grant from the Department of Housing and Urban Development (HUD).

D. Barriers to Affordable Housing

1. Describe actions taken during the last year to eliminate barriers to affordable housing.

Program Year 5 CAPER Barriers to Affordable Housing response:

The City continues to be concerned about barriers in the community to affordable housing and with affirmatively furthering fair housing. All printed materials designed to inform the public, owners, or potential tenants wishing to participate in the HOME Program includes a statement regarding the Columbus Consolidated Government's Affirmative Marketing Plan as well as the applicable fair housing laws. This information will be included in all media released and/or reports informing the public about the HOME Program. All newspaper and other media announcements, as well as any printed materials, will include the Equal Housing Opportunity logo, slogan or statement. Fair Housing Posters are displayed in the offices of all of the City's subrecipients.

As stated in the City's AI, the primary barrier/impediment to fair housing in our community is the lack of jobs that provide sufficient income to afford available housing. However, the City has partnered with the WIA Workforce Development Plan to address the needs and demands of local businesses for skilled workers by providing access to education, programs, services, and training opportunities. This strategy seeks to assist the local workforce community in becoming more competitive and marketable in the local labor market.

The City's Analysis of Impediments to Fair Housing is available to the public on its website or by request. The City allocated \$2,625.00 in funding and held Fair Housing training conducted by Metro Fair Housing for bankers, realtors, and non-profits. The Columbus Consolidated Government also has a website (www.columbusga.org) where the public has access to all available programs that the City has to offer. The City's subrecipient NeighborWorks Columbus, Inc. also publishes information on its website at www.nwcolumbus.org.

The Community Reinvestment Department now partners with Access 2 Independence which is a non-profit organization center for independent living who serves people of all ages with all types of disabilities in Muscogee, County. On July 25, 2015, Access 2 Independence held an event celebrating the 25th Anniversary of the passing of the American with Disabilities Act. Also a Circle of Support Awareness Community Event was held on February 9, 2016 at the Columbus Library on Macon Road.

Community Reinvestment also now partners with Columbus's Hispanic Outreach Committee. On July 23, 2016 an outreach event was held to educate the Hispanic Community on programs and services offered in Columbus/Muscogee County. This committee also meets on a quarterly basis to plan events for the Hispanic Community.

The Community Reinvestment Department has also partnered with the Mayor's office in creating a task force called the Mayor's Homeless Opportunity Task Force. This task force brings together agencies and resources to assist the homeless population with finding affordable housing. The Mayor's Office has a Facebook Page and website that provides information about these resources to the community. Community Reinvestment staff are also very active with the Columbus-Muscogee County/Russell County Continuum of Care in all events, and with the preparation of the CoC application annually.

E. HOME/ American Dream Down Payment Initiative (ADDI)

1. Assessment of Relationship of HOME Funds to Goals and Objectives
 - a. Evaluate progress made toward meeting goals for providing affordable housing using HOME funds, including the number and types of households served.
2. HOME Match Report
 - a. Use HOME Match Report HUD-40107-A to report on match contributions for the period covered by the Consolidated Plan program year.
3. HOME MBE and WBE Report
 - a. Use Part III of HUD Form 40107 to report contracts and subcontracts with Minority Business Enterprises (MBEs) and Women's Business Enterprises (WBEs).
4. Assessments
 - a. Detail results of on-site inspections of rental housing.
 - b. Describe the HOME jurisdiction's affirmative marketing actions.
 - c. Describe outreach to minority and women owned businesses.

Program Year 5 CAPER HOME/ADDI response:

The HOME Program continues to be the primary source of funding for our community’s efforts to address the housing needs. HOME funds were distributed in Program Year 2015/FY 2016 as follows:

HOME New Construction (2 - 1 Wynnton property & 1 NeighborWorks property)	\$231,224.32
HOME Administration	\$51,179.83
HOME Acquisition/Rehab (1 NeighborWorks properties)	\$123,442.14
Tenant Based Rental Assistance (TBRA) – (19 Families)	\$64,069.69

HOMEBUYER ASSISTANCE

The Homebuyer Assistance Program was structured to allow the Financial Institutions to work with the Homebuyers. This was being accomplished by having an Annual Certification/Re-Certification Briefing for any interested Financial Institutions that want to participate in the Homebuyer Assistance Program. These institutions must attend the Annual Certification to be recognized as a Certified Lender to participate in the Homebuyer Assistance Program. This approach had been quite successful.

In response to continued reduction in funding, the City partners with NeighborWorks Columbus, Inc. to continue providing non-entitlement funds for the Down Payment Assistance program. This program helps low to moderate income families purchase homes within the community. A total of 15 residents were able to utilize the program during the 2015 program year.

The City also partners with Urban League of Greater Columbus and NeighborWorks to provide housing counseling services for clients wishing to become homeowners. The Urban League of Greater Columbus held 10 housing counseling services were held from August 29, 2015 to June 25, 2016. NeighborWorks Columbus holds homebuyer orientations twice on a monthly basis.

ACQUISITION/REHABILITATION/NEW CONSTRUCTION PROGRAM

Our HOME program non-profit housing developer, NeighborWorks Columbus, Inc. and Wynnton Neighborhood Housing acquired, rehabbed, and constructed homes for purchase by low to moderate income citizens. NeighborWorks Columbus, Inc. acquired and rehabbed 1 home and constructed 1 home, and Wynnton Neighborhood Housing constructed 1 home in Program Year 2015/City's FY 2016.

HOME MATCH REQUIREMENTS

The HOME match for FY 2016 was from the City's CHDO and its HOME sub-recipients and exceeded the required \$62,165.93.

MINORITY OUTREACH

Efforts continue to include the dissemination of information to various minority publications/media to increase awareness among minority populations. Housing events have also been held throughout the community which provided outreach to the minority population. The Community Reinvestment Department recently became a member of a Hispanic Outreach Committee which consists of various community organization that put activities together that provide information about programs and services to the Hispanic Community.

AFFIRMATIVE MARKETING

To market and publicize various housing programs that are available to the public all of the programs are advertised via the City's website at www.columbusga.org/communityreinvestment and social media accounts such as Facebook, Twitter, and Instagram. Additionally, the websites of some of the City's subrecipients, such as NeighborWorks at www.nwcolumbus.org, Wynnton Neighborhood Housing at www.wynntonhousing.org, and Open Door Community Housing at www.opendoorcommunityhouse.org also provide information about housing programs. The Community Reinvestment Department recently became a member of a Hispanic Outreach Committee which consists of various community organization that put activities together that provide information about programs and services to the Hispanic Community. On July 23, 2016 an outreach event was held to educate the Hispanic Community on programs and services offered in Columbus/Muscogee County. This committee also meets on a quarterly basis to plan events for the Hispanic Community.

The City continues to promote homeownership to the Community. This year NeighborWorks Columbus, Inc. held two (2) Lunch and Learns via partnerships with Aflac and held Homebuyer Orientations twice a month which was attended by 253 residents throughout the year. NeighborWorks Columbus, Inc. also partnered with Team Depot, Home Depot's associate-led volunteer force to assist with 20 veteran rehab projects starting April through the end of the year. NeighborWorks Columbus, Inc. partnered with TeamEffort Missions which included 150 youth in Columbus this past summer for rehab projects in Beallwood Heights and North Highlands. Lastly, NeighborWorks Columbus, Inc. partnered with Enrichment Services and sponsored a homebuyer workshop. Additionally, the Urban League of Greater Columbus provided housing counseling financial assistance to 47 low/mod income citizens within the community.

Section 3 is encouraged within the HOME and CDBG Program for all construction related projects that meet the threshold. The City requires all vendors to follow the Housing and Urban Development's Section 3 guidelines governing the use of Minority Business Enterprises and the hiring of low to moderate income employees and subcontractors. Contractors are encouraged to hire neighborhood residents for the respective jobs if possible as well as retain the services of female and minority owned business.

The City has recently entered into a contract with Training Innovations for a Section 3 program. Training Innovations will work with all of the City's developers/subrecipients to ensure compliance with the Section 3 requirements. Training Innovations will also work with Section 3 residents and provide job training programs, along with getting eligible businesses certified as Section 3 Businesses. These residents and businesses will be provided to the contractors to consider during Section 3 eligible projects.

The City has a Procurement Ordinance for Minority and Women Participation. Each bidder is

responsible for making a good faith effort to meet or exceed the 10% minority/women (DBE) participation goal when bidding on City contracts.

III. HOMELESS

A. Homeless Needs

*Please also refer to the Homeless Needs Table in the Needs.xls workbook.

1. Identify actions taken to address needs of homeless persons.
2. Identify actions to help homeless persons make the transition to permanent housing and independent living.
3. Identify new Federal resources obtained from Homeless SuperNOFA.

Program Year 5 CAPER Homeless Needs response:

CONTINUUM OF CARE

The Continuum of Care (CoC) is a collaborative funding and planning approach that helps communities plan for/and provide a full range of emergency, transitional, and permanent housing and other service resources to address the various needs of homeless persons. Home for Good: The Alliance to End Homelessness is the coordinating agency for the City to provide the oversight activities for the CoC. This document identifies the needs of our community as it relates to the homeless and persons living with AIDS/HIV and the services that are available to meet those needs. The document reports the success and challenges in our efforts to address the “gaps” that result. The document outlines the process for accessing those services as well.

The CoC continues to work to provide agencies and allied partners with education on the *housing first* model and best practices for ending veterans and chronic homelessness, encouraging improved data collection efforts through participation in the Homeless Management Information System (HMIS), and establishing community-wide goals for a coordinated entry system. Through the CoC, the Project for Assistance in the Transition from Homelessness (PATH) program has been established. PATH’s main objective is to provide “feet to street” outreach to the unsheltered chronic homeless population. The primary goal of the program is to connect or reconnect chronically homeless individuals to permanent housing, mental health and recovery services as well as other supportive resources needed to achieve housing stability. In June 2015, the local PATH team was recognized as the PATH Team of the Year in the State of Georgia.

The CoC’s strategy for prioritizing housing for veterans and the chronically homeless is largely driven by national best practices, HUD’s program priorities, the City’s Five-Year Consolidated Plan and the City’s Ten-Year Plan to End Homelessness (which includes seven strategic initiatives for establishing long-term solutions for ending homelessness in our community). The CoC’s strategy seeks to eliminate:

- Barriers to housing (particularly quality, affordable housing),
- Service delivery obstacles (including limited access to mental health, substance abuse recovery services, and medical health care needs),
- Financial barriers such as lack of employment opportunities, enhancing employment skills, ability to earn a living wage and difficulties in obtaining Supplemental Security Income (SSI) for disabled homeless individuals.

The current veterans and chronic homeless strategy includes four main priorities:

- Increase the number of housing units available and prioritize housing for veterans and chronically homeless first.
- Establish a community-wide, coordinated intake and assessment system for assessing housing and support services for those most in need.
- Improve access to mainstream resources, particularly SSI benefits and other entitlement benefit programs.
- Optimize self-sufficiency among individuals and families through individualized housing sustainability plans and long-term case management services.

B. Specific Homeless Prevention Elements

1. Identify actions taken to prevent homelessness.

Program Year 5 CAPER Specific Housing Prevention Elements response:

The Continuum of Care document and the 2012 – 2016 Consolidated Plan detail the goals related to chronic homelessness. These documents outline goals and objectives with the corresponding action steps, responsible organization, and target dates.

As outlined in the Consolidated Plan (in the Homeless Inventory Section), the Columbus-Muscogee/Russell County Continuum of Care has a strong prevention component; much of the prevention activities and services center around mortgage/rental assistance and utility assistance. Some of the organizations in the CoC also provide first month's rent and/or security deposits when funding is available. A few agencies also assist with utility charge-offs and arrears owed to the public housing authorities. Community faith-based organizations offer assistance through "benevolent funds" that address crisis situations. Two organizations, East Alabama AIDS Outreach and the Ryan White Fund, target assistance specifically to persons with HIV/AIDS.

To address the long-term solutions needed for preventing and ending homelessness, the City adopted a ten-year plan to end homelessness in 2010. Home for Good: The Alliance to End Homelessness is the program charged with implementing the City's ten-year plan. Within the last two years, significant progress has been to advance the plan forward, specifically:

- Working in collaboration with the Housing Authority of Columbus, Department of Behavioral Health and Developmental Disabilities, Department of Community Affairs and the VA, the CoC has been able to leverage partnerships to create over 250 units of housing for homeless families and individuals over the next 18 to 24 months.
- Implementation of an evidenced-based, coordinated assessment tool (i.e., Vulnerability Index – Service Prioritization Decision Assistance Tool) for all housing referrals for the CoC’s Housing Initiative.
- On-going leadership for the Mayor’s Homeless Opportunity Center Task Force to explore the feasibility of establishing a central resource facility (i.e., one-stop shop) for the homeless.
- Selection into the Zero: 2016 Initiative – a national endeavor to end veterans and chronic homelessness by 2016.
- Columbus is one of 76 communities selected nationwide to participate and the ONLY community from the State of Georgia.
- Through our participation, our community will receive three years of intensive support from National Technical Assistance Providers to:
 - Optimize local resources,
 - Track our progress against monthly housing goals, and
 - Accelerate the spread of proven strategies (i.e., *best practices*).

The Zero: 2016 Initiative is helping to provide the framework and resources needed to rapidly advance our efforts to reach and maintain functional zero for veterans and chronic homelessness and to align our goals and performance outcomes with federal requirements. It is a data-driven endeavor. In addition to establishing an initial housing target goal, the CoC is also reporting aggregate housing placements for both veterans and the chronically homeless on a consistent monthly basis. As a result of participation in Zero 2016, 119 Veterans and 108 chronic homeless individuals have been permanently housed.

C. Emergency Shelter Grants (ESG)

1. Identify actions to address emergency shelter and transitional housing needs of homeless individuals and families (including significant subpopulations such as those living on the streets).
2. Assessment of Relationship of ESG Funds to Goals and Objectives
 - a. Evaluate progress made in using ESG funds to address homeless and homeless prevention needs, goals, and specific objectives established in the Consolidated Plan.
 - b. Detail how ESG projects are related to implementation of comprehensive homeless planning strategy, including the number and types of individuals and persons in households served with ESG funds.
3. Matching Resources
 - a. Provide specific sources and amounts of new funding used to meet match as required by 42 USC 11375(a)(1), including cash resources, grants, and staff salaries, as well as in-kind contributions such as the value of a building or lease, donated materials, or volunteer time.
4. State Method of Distribution
 - a. States must describe their method of distribution and how it rated and selected its local government agencies and private nonprofit organizations acting as subrecipients.
5. Activity and Beneficiary Data

- a. Completion of attached Emergency Shelter Grant Program Performance Chart or other reports showing ESGP expenditures by type of activity. Also describe any problems in collecting, reporting, and evaluating the reliability of this information.
- b. Homeless Discharge Coordination
 - i. As part of the government developing and implementing a homeless discharge coordination policy, ESG homeless prevention funds may be used to assist very-low income individuals and families at risk of becoming homeless after being released from publicly funded institutions such as health care facilities, foster care or other youth facilities, or corrections institutions or programs.
- c. Explain how your government is instituting a homeless discharge coordination policy, and how ESG homeless prevention funds are being used in this effort.

Program Year 5 CAPER ESG response:

The city does not receive ESG funds.

IV. COMMUNITY DEVELOPMENT

A. Community Development

*Please also refer to the Community Development Table in the Needs.xls workbook.

1. Assessment of Relationship of CDBG Funds to Goals and Objectives
 - a. Assess use of CDBG funds in relation to the priorities, needs, goals, and specific objectives in the Consolidated Plan, particularly the highest priority activities.
 - b. Evaluate progress made toward meeting goals for providing affordable housing using CDBG funds, including the number and types of households served.
 - c. Indicate the extent to which CDBG funds were used for activities that benefited extremely low-income, low-income, and moderate-income persons.
2. Changes in Program Objectives
 - a. Identify the nature of and the reasons for any changes in program objectives and how the jurisdiction would change its program as a result of its experiences.
3. Assessment of Efforts in Carrying Out Planned Actions
 - a. Indicate how grantee pursued all resources indicated in the Consolidated Plan.
 - b. Indicate how grantee provided certifications of consistency in a fair and impartial manner.
 - c. Indicate how grantee did not hinder Consolidated Plan implementation by action or willful inaction.
4. For Funds Not Used for National Objectives
 - a. Indicate how use of CDBG funds did not meet national objectives.
 - b. Indicate how did not comply with overall benefit certification.

5. Anti-displacement and Relocation – for activities that involve acquisition, rehabilitation or demolition of occupied real property
 - a. Describe steps actually taken to minimize the amount of displacement resulting from the CDBG-assisted activities.
 - b. Describe steps taken to identify households, businesses, farms or nonprofit organizations who occupied properties subject to the Uniform Relocation Act or Section 104(d) of the Housing and Community Development Act of 1974, as amended, and whether or not they were displaced, and the nature of their needs and preferences.
 - c. Describe steps taken to ensure the timely issuance of information notices to displaced households, businesses, farms, or nonprofit organizations.

6. Low/Mod Job Activities – for economic development activities undertaken where jobs were made available but not taken by low- or moderate-income persons
 - a. Describe actions taken by grantee and businesses to ensure first consideration was or will be given to low/mod persons.
 - b. List by job title of all the permanent jobs created/retained and those that were made available to low/mod persons.
 - c. If any of jobs claimed as being available to low/mod persons require special skill, work experience, or education, provide a description of steps being taken or that will be taken to provide such skills, experience, or education.

7. Low/Mod Limited Clientele Activities – for activities not falling within one of the categories of presumed limited clientele low and moderate income benefit
 - a. Describe how the nature, location, or other information demonstrates the activities benefit a limited clientele at least 51% of whom are low- and moderate-income.

8. Program income received
 - a. Detail the amount of program income reported that was returned to each individual revolving fund, e.g., housing rehabilitation, economic development, or other type of revolving fund.
 - b. Detail the amount repaid on each float-funded activity.
 - c. Detail all other loan repayments broken down by the categories of housing rehabilitation, economic development, or other.
 - d. Detail the amount of income received from the sale of property by parcel.

9. Prior period adjustments – where reimbursement was made this reporting period for expenditures (made in previous reporting periods) that have been disallowed, provide the following information:
 - a. The activity name and number as shown in IDIS;
 - b. The program year(s) in which the expenditure(s) for the disallowed activity(s) was reported;
 - c. The amount returned to line-of-credit or program account; and
 - d. Total amount to be reimbursed and the time period over which the reimbursement is to be made, if the reimbursement is made with multi-year payments.

10. Loans and other receivables
 - a. List the principal balance for each float-funded activity outstanding as of the end of the reporting period and the date(s) by which the funds are expected to be received.

- b. List the total number of other loans outstanding and the principal balance owed as of the end of the reporting period.
 - c. List separately the total number of outstanding loans that are deferred or forgivable, the principal balance owed as of the end of the reporting period, and the terms of the deferral or forgiveness.
 - d. Detail the total number and amount of loans made with CDBG funds that have gone into default and for which the balance was forgiven or written off during the reporting period.
 - e. Provide a List of the parcels of property owned by the grantee or its subrecipients that have been acquired or improved using CDBG funds and that are available for sale as of the end of the reporting period.
11. Lump sum agreements
- a. Provide the name of the financial institution.
 - b. Provide the date the funds were deposited.
 - c. Provide the date the use of funds commenced.
 - d. Provide the percentage of funds disbursed within 180 days of deposit in the institution.
12. Housing Rehabilitation – for each type of rehabilitation program for which projects/units were reported as completed during the program year
- a. Identify the type of program and number of projects/units completed for each program.
 - b. Provide the total CDBG funds involved in the program.
 - c. Detail other public and private funds involved in the project.
13. Neighborhood Revitalization Strategies – for grantees that have HUD-approved neighborhood revitalization strategies
- a. Describe progress against benchmarks for the program year. For grantees with Federally-designated EZs or ECs that received HUD approval for a neighborhood revitalization strategy, reports that are required as part of the EZ/EC process shall suffice for purposes of reporting progress.

Program Year 5 CAPER Community Development response:

COMMUNITY DEVELOPMENT BLOCK GRANT (CDBG)

In Program Year 2015/City's FY 2016 the City of Columbus had a total CDBG budget of \$1,311,557 of which it expended \$2,143,193. Currently, the City is meeting its objectives for its HUD funded projects. Our public/private partnerships have been a significant factor in the accomplishment of the current goals and objectives. In an environment where funding is decreasing and needs/requests are increasing, the ability of the community to work together to address the needs in the most effective manner is important. The City will continue to improve and strengthen its public/private partnerships. All funds were utilized to meet those goals and objectives of the Annual Action Plan.

The City provided 6 non-profit organization with Certifications of Consistency with the Consolidated Plan this Fiscal Year. The organizations were applying directly to HUD for funding. The city developed and maintained partnerships in the community to carry out activities identified in the Consolidated Plan.

ADMINISTRATION

For Program Year 2015/City's FY 2016, the expenditures for Administration were \$235,529.95. Administration includes such expenses as salaries, training, travel, telephone, supplies, and furniture and fixtures. This also included the program's share of operating costs that were reimbursed to the City. These costs include utilities, accounting services, etc. The cost allocation for Program Year 2015/ City's FY 2016 was \$10,202.00.

Relocation: There were no activities undertaken during the reporting period which required relocation. In those instances, where relocation is required, the City would follow its established Relocation policy and procedures.

ECONOMIC DEVELOPMENT FOR JOB CREATION

Creating employment opportunities for low and moderate income individuals is a primary goal within our Consolidated Plan. The various tools for economic development include the Enterprise Zone, Opportunity Zone and the development efforts of the Columbus Chamber of Commerce. However, there were no activities undertaken funded with CDBG funds that created low/mod jobs. The Columbus Consolidated Government does very little contracting for the construction of public facilities.

The City has elected to use Federal funds for housing needs. Section 3 is encouraged within the HOME Program. City requires all vendors to follow the Housing and Urban Development's Section 3 guidelines governing the use of Minority Business Enterprises and the hiring of low to moderate income employees and subcontractors. Contractors are encouraged to hire neighborhood residents for the respective jobs if possible as well as retain the services of female and minority owned business. The City has recently entered into a contract with Training Innovations for a Section 3 program. Training Innovations will work with all of the City's developers/subrecipients to ensure compliance with the Section 3 requirements. Training Innovations will also work with Section 3 residents and provide job training programs, along with getting eligible businesses certified as Section 3 Businesses. These residents and businesses will be provided to the contractors to consider during Section 3 eligible projects.

SECTION 108

The City continues to repay the Section 108 Loan. During FY 2016, the City paid \$799,837.50 from CDBG funds towards the balance of the loan. The purpose of the loan was to help revitalize the "Uptown" (Downtown area) through the development of a corporate campus for the headquarters of a major local employer. In 2008, the City took advantage of the opportunity to convert its Section 108 Loan from a variable rate to a permanent fixed rate financing through the public offering held by HUD.

REMOVAL OF SLUM AND BLIGHT

Blighted and slum properties have an adverse impact not only on the City's financial resources, but also the public's health, safety, and welfare. Through the City's Department of Inspections and Codes, the City was able to demolish 10 blighted properties that utilized \$70,875 in CDBG funding.

HOME FOR GOOD

The allocation for Program Year 2015/City's FY 2016 was \$43,982.76. Home for Good serves as the Homelessness Management Information Systems (HMIS) coordinator for the community's Continuum of Care and as the Collaborative Applicant insuring that HUD's HMIS reporting regulation are being maintained and submitted in a timely manner. Approximately 3,178 individuals were served through the coordination of the Home for Good's office. Home for Good also provided case management and referral services through their Alliance to End Homelessness program where they assisted 268 homeless persons.

COLUMBUS COMMUNITY CENTER

The City funded the activities of an organization called the Columbus Community Center. This program provides after school activities for children pre-K through 5th Grade that primarily live in low to moderate income census tracts. The City provided \$25,200 in funding for Program Year 2015/City's FY 2016. The funding provided after school activities for approximately 93 children per day.

DIRECT SERVICE CORPORATION

Direct Service Corporation is a non-profit organization that provided nutritional supplements for the elderly. In Program Year 2015/City's FY 2016, DSC was provided \$14,343 in funding and assisted 17 individuals, all of which were low income.

ROSEHILL COMMUNITY EDUCATION CENTER

The Rosehill Community Education Center, which utilized \$12,442.61 in CDBG funds, provided preventative substance abuse programs and job preparation services that served 259 extremely low income persons.

FAITH HOME ADULT TRANSPORTATION PROGRAM

Faith Home Adult Transportation Program is a program that provides transportation services for senior citizens and/or adults with disabilities. The transportation is provided for medical, legal and other types of transportation needs. The organization was provided \$16,553 in funding and assisted 43 adults in Program Year 2015/City's FY 2016.

NEIGHBORHOOD PARK IMPROVEMENTS

The City was able to provide new playground renovations at Pop Austin, Benning Park, Britt David, and Theo McGee public parks which are located in low-income census tracts/blocks. These projects utilized \$299,904.93 of CDBG funding during Program Year 2015/City's FY 2016.

BOOKER T. WASHINGTON/COLUMBUS COMMOMS – AFFORDABLE HOUSING PROJECT

CDBG funding in the amount of \$360,073.25 was used for the beginning stages of site work activities for the development of ninety-one (91) affordable rental units in conjunction with a Low-Income Housing Tax Credit (LIHTC) project.

PROGRAM INCOME

The following table displays the activities that generated program income during the reporting period:

CDBG Disposition	
From the sale of property	\$0
Demolition Liens	\$ 32,573.79
HOME Program	
Homebuyer Assistance Program	Loan Payoffs – \$9,335.91

The City had no prior period adjustments during the reporting period. The City does not have any lump sum agreements nor does the city provide any Float funds. Currently, the City does not have any Federally-designated EZ/EC zones.

B. Antipoverty Strategy

1. Describe actions taken during the last year to reduce the number of persons living below the poverty level.

Program Year 5 CAPER Antipoverty Strategy response:

The goal of Consolidated Plan is to serve very low, low, and moderate-income residents. The City funds, sponsors, or operates various programs utilizing the CDBG and HOME funds to serve people living in poverty. Columbus’ antipoverty strategy, in terms of these HUD funding sources, focuses on three areas; housing, services, and economic development.

The City partners with other agencies, such as Wynnton Neighborhood Housing, Inc., NeighborWorks Columbus, Inc., and Open Door Community House to leverage Federal funds to address the housing needs of poverty-level families. The City allocated HOME funds to NeighborWorks during Program Year 2015/City's FY 2016. They had an impact on 2 homes in the community utilizing \$240,023.53 of their funding. The City allocated HOME funds to Wynnton Neighborhood Housing that provided 1 unit of housing utilizing \$114,642.79 in funding. Open Door Community House provided Tenant Based Rental Assistance to 19 clients utilizing 64,069.69 in HOME funds. The City also partnered with various non-profit organizations to carry out youth, elderly, homeless, and housing counseling programs.

V. NON-HOMELESS SPECIAL NEEDS

A. Non-homeless Special Needs

*Please also refer to the Non-homeless Special Needs Table in the Needs.xls workbook.

1. Identify actions taken to address special needs of persons that are not homeless but require supportive housing, (including persons with HIV/AIDS and their families).

Program Year 5 CAPER Non-homeless Special Needs response:

The City of Columbus does not receive funding to assist persons with HIV/AIDS and their families. Persons needing supportive housing are assisted through public housing and the Housing Authority or through whatever assistance may be obtained through the Home for Good and the City's Continuum of Care.

B. Specific HOPWA Objectives

*Please also refer to the HOPWA Table in the Needs.xls workbook.

1. Overall Assessment of Relationship of HOPWA Funds to Goals and Objectives
Grantees should demonstrate through the CAPER and related IDIS reports the progress they are making at accomplishing identified goals and objectives with HOPWA funding. Grantees should demonstrate:
 - a. That progress is being made toward meeting the HOPWA goal for providing affordable housing using HOPWA funds and other resources for persons with HIV/AIDS and their families through a comprehensive community plan;
 - b. That community-wide HIV/AIDS housing strategies are meeting HUD's national goal of increasing the availability of decent, safe, and affordable housing for low-income persons living with HIV/AIDS;
 - c. That community partnerships between State and local governments and community-based non-profits are creating models and innovative strategies to serve the housing and related supportive service needs of persons living with HIV/AIDS and their families;
 - d. That through community-wide strategies Federal, State, local, and other resources are matched with HOPWA funding to create comprehensive housing strategies;
 - e. That community strategies produce and support actual units of housing for persons living with HIV/AIDS; and finally,
 - f. That community strategies identify and supply related supportive services in conjunction with housing to ensure the needs of persons living with HIV/AIDS and their families are met.
2. This should be accomplished by providing an executive summary (1-5 pages) that includes:
 - a. Grantee Narrative
 - i. Grantee and Community Overview
 - (1) A brief description of your organization, the area of service, the name of each project sponsor and a broad overview of the range/type of housing activities and related services
 - (2) How grant management oversight of project sponsor activities is conducted and how project sponsors are selected
 - (3) A description of the local jurisdiction, its need, and the estimated number of persons living with HIV/AIDS

- (4) A brief description of the planning and public consultations involved in the use of HOPWA funds including reference to any appropriate planning document or advisory body
 - (5) What other resources were used in conjunction with HOPWA funded activities, including cash resources and in-kind contributions, such as the value of services or materials provided by volunteers or by other individuals or organizations
 - (6) Collaborative efforts with related programs including coordination and planning with clients, advocates, Ryan White CARE Act planning bodies, AIDS Drug Assistance Programs, homeless assistance programs, or other efforts that assist persons living with HIV/AIDS and their families.
- ii. Project Accomplishment Overview
 - (1) A brief summary of all housing activities broken down by three types: emergency or short-term rent, mortgage or utility payments to prevent homelessness; rental assistance; facility based housing, including development cost, operating cost for those facilities and community residences
 - (2) The number of units of housing which have been created through acquisition, rehabilitation, or new construction since 1993 with any HOPWA funds
 - (3) A brief description of any unique supportive service or other service delivery models or efforts
 - (4) Any other accomplishments recognized in your community due to the use of HOPWA funds, including any projects in developmental stages that are not operational.
 - iii. Barriers or Trends Overview
 - (1) Describe any barriers encountered, actions in response to barriers, and recommendations for program improvement
 - (2) Trends you expect your community to face in meeting the needs of persons with HIV/AIDS, and
 - (3) Any other information you feel may be important as you look at providing services to persons with HIV/AIDS in the next 5-10 years
 - b. Accomplishment Data
 - i. Completion of CAPER Performance Chart 1 of Actual Performance in the provision of housing (Table II-1 to be submitted with CAPER).
 - ii. Completion of CAPER Performance Chart 2 of Comparison to Planned Housing Actions (Table II-2 to be submitted with CAPER).

Program Year 5 CAPER Specific HOPWA Objectives response:

The City does not receive HOPWA funds.

VI. OTHER NARRATIVE

Include any CAPER information that was not covered by narratives in any other section.

Program Year 5 CAPER Other Narrative response:

Attached reports:

- CDBG Financial Summary Report (PR26)
- Public Notice
- Continuum of Care Application

Additional CAPER Reports:

- HUD Grants and Program Income (PR01)
- List of Activities by Program Year and Project 2014+2015 (PR02)
- CDBG Activity Summary Report (PR03)
- Status of HOME Activities (PR22)
- CDBG/HOME Summary of Accomplishments (PR23)
- Status of HOME Grants (PR27)
