

Dear GIS Customer:

Due to the high volume of map and data requests received by this office we must request that all requests be in writing and accompanied by full payment.

Please see enclosed attachment for a list of fees.

This includes maps that are to be faxed (to local or toll-free numbers) or emailed.

Payment must be received prior to processing your request and may be in the form of check or credit card, we accept Mastercard® and Visa®.

If paying by check please make the check payable to Columbus Consolidated Government and mail to:

Columbus Consolidated Government
Engineering Dept. - GIS Division
420 10th Street
Columbus, GA 31902

Requests for data i.e. addresses, ROW measurements, zoning, dimensions, and etc. require us to make a map therefore we must charge you for the map we make. We cannot research any data that is not readily available as a map. Please contact a trained research professional for any such request.

Please feel free to contact me personally with any questions or concerns.

We look forward to assisting you!

Sincerely,

Jeff Griffin
GIS Coordinator
