

Get Behind the Bars!!

In an effort to promote a healthy lifestyle and alternative transportation, we have recently installed 3 three Bike Racks at the Government Center for your use. Locations are listed below:

For Public Use: One is positioned between the garage exit and the breezeway on 2nd Avenue.

For City Employee Use: Two are positioned on the Executive Level of the Parking Garage - West Wing side as you enter the garage. No special access is needed to utilize this area. However, you will need ***your ID badge*** in order to identify yourself to the Deputy Sheriff on duty.
