National Federation of the Blind

Request for Mentor [Mentee to complete]

A mentor is an individual who is familiar with the practical and philosophical aspects of life as a blind or visually impaired person. A mentor is prepared to assist with information, support and encouragement to other individuals who are losing their sight or who are meeting new challenges in life without their sight.

The mission of a mentor is to help the mentee achieve a level of confidence where he or she can function in this society as any other person would.

Please tell us a little about yourself so that we can find a mentor best suited to your personal needs.

First name: _____ Last name: _____

Address: _____

City: _____ State: _____ Zip: _____

Telephone: _____ E-Mail: _____

Best Time to call: _____
