COMMUNITY NOTICE: Weapons Firing Schedule, Feb. 1-15

FORT BENNING, Ga. – For more than a decade, Fort Benning has partnered with its surrounding communities time and again to inform and solicit feedback as it pertains to training issues related to land and noise. Because Fort Benning fires more ammunition than all other Army installations, approximately 42 million rounds each year, it is important that the community be aware of our training schedule and when it may have the greatest impact on daily activities.

Below is the schedule for the dates and times of heavy weapons firing in the Northeast quarter of Fort Benning reservation for the period Feb. 1-15. Please note training times may be subject to change.
