

From the Board of Assessors:

Please note that Tyler Technologies personnel will be working throughout Muscogee County over the next three months beginning January 8, 2018, to conduct field review work for the 2018 digest. These Tyler personnel will be driving vehicles displaying large signs (depicted below) on the driver and passenger doors that will identify them as part of the Muscogee County Assessors Imaging & Data Collection Project. They will have CCG identification badges.
