You are protected by Georgia Law. Employees who make calls about questionable conduct, waste or possible fraud to our Hotline are protected by Law from exposure and retaliation. We at CCG honor that protection and we honor you.

We depend on you to help us know what is going on at every level of the City Government. Your concerns or tips are important to making sure the city and its employees are acting effectively, efficiently, fairly and lawfully.

Help us be a better city and a better community! **Post the attached flyer in your work space.** If you think something is “just not right” or could be done better – call (706) 225-4610.

Thank you for being a part of our team.
